HEAT UP THE ENERGY SAVINGS

Heat Pump Water Heater Program

ENERGYWISE™
Use less. Spend less. Do more.

Deliver double the efficiency

For decades, electric water heaters were simply insulated tanks with a couple of electric resistance elements that heated the water.

Today, heat pump water heaters offer improved efficiency and increased energy savings compared to standard units. The benefit of a heat pump water heater is that you get at least twice as much hot water from each kilowatt-hour of electricity consumed as you get from a standard electric water heater. And, while a heat pump water system costs more upfront, the savings will pay back the difference in two years for a household of four.

Replace your aging electric water heater before it fails, and start enjoying the savings right away.

DIRECT INCENTIVE

Heat Pump (HP) Water Heater

System Type	Incentive Criteria	Incentive Amount
Air Source HP Water Heater	EF > 1.9	\$200
Water or Ground Source Heat Pump Water Heater	EF > 2.8	\$500

You can also apply for a low interest loan through the Nebraska Energy Office's "Dollar and Energy Savings Loan Program" for your new qualifying heat pump water heater system. Visit neo.ne.gov for more information.

Incentives valid as of 1-1-2016. Subject to change without notice. Verify current incentive amounts and program information at www.nppd.com. These EnergyWise™ programs are only available to customers of NPPD and customers of its wholesale utilities.

HEAT PUMP WATER HEATER INCENTIVE

— APPLICATION

ATTENTION: It is the owner's responsibility to ensure contractor completes the installation.
Contact Ron Rose, rvrose@nppd.com or 402-362-7326, with any questions

1) Name of Contractor: _____

Address: _____

City: _____ Phone #: _____

2) Owner's Name: _____

Address: _____

City: _____ Daytime Phone #: _____

Installation Address: _____

Electric Utility: _____ Acct. or Meter# _____

NOTE: W-9 Form is needed for commercial and industrial applications.

3) Equipment Manufacturer: _____

Heat Pump Model # _____

Air Source Heat Pump: EF _____

Water or Ground Source Heat Pump: EF _____

4) I acknowledge this installation is in compliance with the program guidelines.

Homeowner:

Installed by: _____

Print Name Signature Date

5) Submit this application to your local utility for approval and processing for payment.

PROGRAM GUIDELINES

The following guidelines will generally apply. Exceptions will be handled on a case-by-case basis.

1. All heat pump water heaters must be permanently installed.
2. An incentive payment will be paid to the owner after the equipment is installed, operating, and tested by the installer to manufacturer recommendations. No incentive(s) will be paid without the completion of this application form. The application form must be signed by the installer and owner. This form will then be submitted to the owner's electric utility.
3. Copy of sales receipt must accompany application.
4. The incentive payment to the owner will come from their local electric utility.
5. Program is subject to the Terms and Conditions as outlined on the application and general program guidelines.
