

IRRIGATION SERVICE - SINGLE AND MULTIPHASE
"FULL POWER"

Available: In the general area served by the District from existing distribution facilities.

Applicable To:

- a) Electric irrigation pumps to provide water for crop irrigation.
- b) Electric service to provide drive power for pivot irrigation wheels.
- c) Pumping water for livestock consumption when served from the existing district facilities serving the irrigation pump.
- d) On-farm related grain processing from the same district facilities serving the irrigation pump, or as outlined in section "Charge for Non-irrigation Use" contained in this rate.

Character of Service: Alternating current, 60 cycles, single and multiphase at nominal available secondary voltages.

Rate: "IRR-1" (Annual)

Fixed Charge:

\$51.00 per horsepower billed as follows:

\$25.50 per horsepower on April 1

\$25.50 per horsepower on August 1

Energy Charge:

10.2¢ per kilowatt-hour for first 400 kilowatt-hours/horsepower

8.4¢ per kilowatt-hour for balance of energy used

Determination of Billing Horsepower: The horsepower for billing purposes shall be the motor nameplate horsepower; the maximum horsepower input to the motor as determined by test; or the horsepower as calculated from an installed indicating demand meter, whichever is appropriate as determined by the District. Minimum horsepower for billing purposes shall be three (3) horsepower for single-phase service and five (5) horsepower for three-phase service.

Charge for Non-irrigation Use: If a facility change is required to provide additional capacity for non-irrigation purposes, a charge shall be assessed annually of \$14.00 per kVa for 60% of the additional transformer capacity required. Energy used shall be billed at the rate of 6.7¢ per kilowatt-hour.

Effective: With bills rendered after
January 1, 2015

Approved: Board of Directors 12/10/2014

IRRIGATION SERVICE - SINGLE AND MULTIPHASE
"FULL POWER"

Minimum Bill:

- a) Operated - The fixed charge, based on horsepower as determined by the District, or the minimum horsepower, if applicable.
- b) Not operated - \$25.50 per billing horsepower, on April 1. Service may be classified as not operated if (1) kWh consumption does not exceed 5 kWh times nameplate horsepower, and (2) if the District receives notification that it was not operated by June 15.

Terms and Conditions:

1. Billing and Payment:

- (a) District shall render bills under this rate schedule as follows:

Fixed Charge on April 1

Balance of Fixed Charge on August 1

Summer kWh Usage on October 1

Winter kWh Usage on or about December 15

2. Service hereunder is subject to the District's Rules and Regulations as established by its Board of Directors.
3. When an incorporated community charges the District a franchise, occupation, business sales, license, lease fee for facilities owned by the community, or any similar charge, the District on a pro rata basis will charge all customers served within the community or served from the facilities owned by the community an equal charge. The amount shall be considered an operating expense of the District and shall become a part of the total bill for electric service furnished.

Effective: With bills rendered
after January 1, 2015

Approved: Board of Directors 12/10/2014
