

LEASED DISTRIBUTION - SCHOOLS

Available: To tax-supported schools in the general area served by the District from leased distribution facilities.

Applicable: Only to schools with kVa requirements in excess of 50 kVa whose entire requirements are taken through one meter under an agreement of standard form.

Character of Service: Alternating current, 60 cycles, single and three-phase, at any of the District's standard voltages (12,500 volts or less) where service may be supplied by a single transformation.

Rate: "LD-SCHOOL"

Customer Charge:	Single-phase	\$50.00
	Three-phase	\$57.25

Energy Charge:

Summer	Winter	
9.29¢	7.81¢	per kilowatt-hour for the first 200 kilowatt per kilowatt of billing demand
5.29¢	4.5¢	per kilowatt-hour for all additional use

Minimum Bill: The monthly minimum bill shall be 25¢ per kVa of contract capacity. The annual minimum shall be as stated in the contract of standard form.

Determination of Maximum Demand: The maximum demand for any billing period shall be the highest integrated kilowatt load during any thirty (30) minute period occurring in the billing period for which the determination is made.

Determination of Billing Demand: Billing demand shall be the maximum demand, or 60% of the highest demand established during June, July, or August of the preceding 11 months, whichever is larger.

Tax Supported Discount: Rate TS-DISC is not applicable to this rate.

Effective: With bills rendered after
January 1, 2015

Approved: Board of Directors 12/10/2014

LEASED DISTRIBUTION - SCHOOLS

Tax Clause: When an incorporated community charges the District a franchise, occupation, business sales, license, lease fee for facilities owned by the community, or any similar charge, the District on a pro rata basis will charge all customers served within the community or served from the facilities owned by the community an equal charge. The amount shall be considered an operating expense of the District and shall become a part of the total bill for electric service furnished.

Power Factor: If the power factor for the month (determined at District's option by permanent test of not less than 30 minutes duration under conditions which the District determined to be normal) is less than ninety percent (90%) at the point of delivery, the kW billing demand will be increased by multiplying by 90% and dividing by the power factor expressed in percent.

Terms and Conditions:

1. Customers under this rate must meet the District's requirements for feasibility, character, amount, and duration of the business offered.
2. The District, at its option, shall determine the maximum and/or minimum size of single and three-phase motor installations.
3. Nebraska State Sales Tax shall be added to all taxable charges unless customer files a valid tax exemption certificate.
4. Service hereunder is subject to the District's Rules and Regulations as established by its Board of Directors.
5. Summer rates apply to bills rendered between June 15th and September 15th. Winter rates apply to all other months.

Effective: With bills rendered after
January 1, 2015

Approved: Board of Directors 12/10/2014
