NON-RESIDENTIAL SERVICE

Terms and Conditions:

1. If construction is required in excess of one span of primary and/or one span of overhead secondary, the additional cost will be at the sole expense of the customer as provided in Section 7.01 of the Rules and Regulations.
2. The minimum charge shall apply for any period of use, regardless of term, during the contract calendar year beginning April 1.
3. The contract period for the initial installation shall be for three (3) years and will continue from year to year thereafter until canceled by either party giving 30 days written notice to the other prior to May 1.
4. A statement shall be submitted by the District in April of each year for the annual kWhs consumed in excess of 450 kWhs and for the advance minimum for the coming year.
5. Nebraska state sales tax shall be added to all taxable charges unless a valid tax exemption certificate is filed by customer.
6. Service hereunder is subject to the District's Rules and Regulations established by its Board of Directors.
7. When an incorporated community charges the District a franchise, occupation, business sales, license, lease fee for facilities owned by the community, or any similar charge, the District on a pro rata basis will charge all customers served within the community or served from the facilities owned by the community an equal charge. The amount shall be considered an operating expense of the District and shall become a part of the total bill for electric service furnished.
