

PRE-WIRING FOR ELECTRIC VEHICLE HOME CHARGING STATION RESERVATION APPLICATION

A limited number of \$100 incentives for in-home pre-wiring for the future installation of an electric vehicle charging station. Installation location must be a single or multi-family residential location served by Nebraska Public Power District (NPPD) or its wholesale customers. The installation must include a minimum 40 Amp breaker in an electrical panel and a 1" diameter minimum conduit run from this panel to a receptacle, or a minimum of #8 copper wire from the panel to a receptacle. Reservation will expire in 90 days if proof of installation is not received. Contact Todd Duren at 402-563-5084; or email tjduren@nppd.com with any questions.

1. Customer Name: _____ Electric Utility: _____
Account Number: _____ Telephone Number: _____
Address, City, ZIP: _____ Single Family Multi-Family
Installation Address & City (if different from above): _____
Email Address: _____

2. Electrician Information:
Electrician Company Name: _____ Phone #: _____
Address, City & ZIP: _____

3. Equipment Installation Information: (Check one)

- a. Cable Installation:
- b. Conduit Installation:

Once this work has been completed, fill out the Payment Application and return to Utility, with Electrician sign off and photo of the installation.

By signing below, customer agrees to the Terms and Conditions listed on the back of this application.

Customer: _____
Print Name Signature Date

4. Submit this application to your local utility for approval.

For Utility Use Only:
Approved by: _____
Print Name Signature Date
Expiration Date: (Proof of Conduit and/or Wiring must be provided within 90 days) _____

5. Approval application is returned to customer with expiration date.

TERMS & CONDITIONS

PROOF OF INSTALLATION: Documentation must include proof of wiring or conduit installation via Electrician signoff of work completion on the payment application along with a submitted photo of the installation. This photo can be submitted via mail or email. If this proof is not received within 90 days of the registration application, the application will be voided.

INCENTIVE OFFER: Details of this program, including incentive levels, are subject to change without notice. The electric utility reserves the right to limit incentives. Not available for equipment that qualifies under other EnergyWiseSM incentive programs. All incentives are subject to specific program guidelines. This incentive is only available to customers of Nebraska Public Power District (NPPD) and customers of its wholesale utilities.

ELIGIBLE EQUIPMENT: This incentive is for the installation of home pre-wiring with NM cable for minimum capacity ampacity of 32 Amps continuous load per NEC (National Electrical Code) or the running of appropriate size conduit per NEC, from the load center to a future NEMA 6-50 receptacle.

ISSUING INCENTIVES: Cable or Conduit must be purchased and installed before an incentive is issued. Falsifying any information may lead to cancellation of this and future incentive applications, a claim by the electric utility for the return of any incentive, and/or referral for prosecution. Please allow 45 days for delivery of incentives. Submitting an application with incomplete or missing information may delay processing of the incentive.

APPROVAL & VERIFICATION: The electric utility reserves the right to verify sales transactions and projects prior to and after installation.

TAX LIABILITY: Neither the electric utility nor Nebraska Public Power District are responsible for any tax liability imposed on the customer as a result of the EV charging station home wiring.

ENDORSEMENT: Neither the electric utility nor Nebraska Public Power District endorses any particular manufacturers, products, or system designs in promoting this program. Equivalent products must be pre-approved by the electric utility and Nebraska Public Power District.

DISPOSAL: The customer/contractor is responsible for the proper disposal and/or recycling of any waste generated as a result of this project.

SAFETY & BUILDING CODES: The customer/contractor agrees that each measure complies with all federal, state, and local safety, building, and environmental codes. All products must be UL-listed and installed per manufacturer's instructions.

DISCLAIMER OF WARRANTIES: Neither the electric utility nor Nebraska Public Power District warrant the performance of any equipment either expressly or implicitly. Contact the supplier or contractor for details regarding equipment warranties.

ENERGY BENEFITS: The Utility is entitled to 100% of any possible energy benefits associated with any implemented Energy Conservation Measure, excluding the value of energy cost savings realized by the Customer, but including all rights to all associated energy, capacity, reserves, and emissions. The Customer agrees to provide the Utility with such further documentation as the Utility may request to confirm the Utility's ownership of such benefits.
