

SECURITY LIGHTING - LEASED

SPECIFICATIONS

Installation: District will install lighting on existing district owned pole(s) on premises already served under another rate schedule. Installation of lights shall be such that all energy used will not record on the customer's meter and is included in the monthly lease fee. Lights installed prior to December 31, 1977, in which the energy does register on the meter, may continue as a metered installation; however, the District reserves the right to convert any lighting installation to unmetered.

Terms of Lease: All contracts for installation of lights will be for a minimum of one year. The District will require payment of all remaining months of the lease if the customer does not keep the light(s) for the full contract period.

Billing: Lease payments for all lights will be billed monthly on the customer's regular energy bill unless other arrangements are made with the District.
